Wayne County holds a certification workshop for Small Business

Wayne County — Small business owners interested in doing business with Wayne County should attend one of the two upcoming *Success Program Workshops*. The workshops are free to the public and will focus on **How to become a certified business by Wayne County**. The importance of Certification is the eligibility to participate in the Purchasing Divisions special procurement programs.

Highlights regarding the new Small business enterprise purchasing program will be shared. Other services will also be available such as information on small business loan programs, and business development programs. The Human Relations Certification Team will be available for one on one consultation for those interested in certification.

The workshops are free; please RVSP 313 224-0643 to confirm your attendance.
