## **Ficano appoints Alfred Glancy to Airport Authority Board**

The Wayne County Airport Authority Board has the enormous task of ensuring that Detroit Metropolitan Airport maintains its status as one of the top airports in the country, and continues to compete with airports around the world. The people who donate their time to the Airport Authority Board do so because they are passionate about this region and want to ensure that we do things better and faster. With that in mind, Wayne County Executive Robert Ficano has appointed Mr. Alfred Glancy, former Chairman and CEO of MichCon, to the Authority Board.

Ficano said Glancy's appointment will help take the region to the next level. "His experience and extensive business knowledge, coupled with the expertise of the existing board members will only elevate the airport as we know it," Ficano said.

Delta Airlines Senior V.P. of Government Affairs, Andrea Fischer-Newman agreed, noting that this appointment is a step in the right direction for both the airport and Delta.

"I am enthusiastic about today's appointment. Delta does business all around the world, and Detroit is one of the best run airports," she said. "Mr. Glancy's appointment will continue to make Detroit a leader in the field."
