Wayne County Department of Environment
Rouge Products Clearinghouse Signage Order Form

Grow Zone signs are now available for order through the Wayne County Department of Environment.

Grow Zone Sign

Grow Zone signs mark the boundaries of designated grow zone areas near lakes, rivers or streams. They feature trees, grasses and a flowing stream, the words: "Grow Zone" and the following caption: "To Improve Wildlife Habitat & Water Quality". Signs come with your city, municipality, and/or organization name and logo (Customer must provide artwork for logo at time of placing order, or shortly thereafter)

Grow Zone signs are made of durable metal construction and measure 12 " x 18 ".
Please consult with your municipality for all installation, permits, maintenance and any other additional cost or requirements.
