

FREE Video Training

The Wayne County Health Department provides a further benefit for the successful graduates of our Certified Food Manager courses. Anyone who possesses a valid certificate from our course is eligible to send employees from their establishment to any of the quarterly video training sessions at no cost. Each session will include a series of pertinent videos introducing food safety and safe food handling practices. The videos will be followed by a brief discussion of the information presented, and there will be a question and answer period at the end of the session. If you are interested in this training opportunity, please call Theresa or Shirley at 734-727-7400 to reserve seats for the employees you will be sending.

2009 Schedule

Tuesday, March 3, 10:00 AM - noon

Tuesday, June 2, 2:00 PM - 4:00 PM

Thursday, September 3, 10:00 AM - noon

Thursday, December 3, 2:00 PM - 4:00 PM

The Basic Video session will examine the need for safe food practices and will introduce some of the basic food handling concepts, such as cleaning, sanitization and pest management as well as the vitally important topic of employee health and hygiene.

Note: This is not a substitute for the training each CFM is required to provide, it is intended as a supplement only.

Additional sessions can be arranged for 10 or more persons and Spanish videos are available. Advanced sessions covering foodborne illnesses and food preparation can also be scheduled.
