WAYNE COUNTY ELECTIONS RESULTS

(Wayne County, MI) – Wayne County is the largest county in the State of Michigan and is comprised of 34 cities and 9 townships.

- Wayne County has 1,109 voting precincts compared to:
  - Oakland County’s 516 voting precincts;
  - Macomb County’s 338 voting precincts; and
  - Washtenaw County’s 150 voting precincts.

This large discrepancy in the number of voting precincts should be taken into account when awaiting voting results, as the Wayne County numbers are more than twice as large, and in some cases more than seven times as large, as surrounding counties.

“Please do not compare Wayne County to the other surrounding counties. Wayne County is unique unto itself in size and number of precincts,” said Wayne County Clerk Cathy M. Garrett.

The Wayne County Elections Division cannot report 100 percent unofficial results until each municipality has transmitted their respective results to us.

“The Wayne County Elections Division packs its patience and works countless hours until the last municipality in Wayne County has reported their unofficial results. Please don’t take this as an excuse but as an opportunity to educate the public,” said Wayne County Clerk Cathy M. Garrett.

Results summaries can be found at the link for Wayne County’s Unofficial Elections: www.waynecounty.com/elected/clerk/election-results.aspx.
