DETROIT PUBLIC SCHOOLS COMMUNITY DISTRICT
SCHOOL DISTRICT OF THE CITY OF DETROIT
NON-HOMESTEAD MILLAGE RENEWAL PROPOSAL

This proposal would renew the authorization last approved by the voters in 2012 for the School District of the City of Detroit to levy for general operating purposes on non-homestead property (business, industrial and commercial property and rental homes) which would allow the School District to continue to retire its operating debt obligations. Under state law, the School District’s authority to levy this tax will end the earlier of 2033 or when its operating debt is repaid. Taxpayers living in their own principal residences (owner-occupied homes) in the School District do not pay this tax.

Shall the authorization granted to the School District of the City of Detroit, County of Wayne, Michigan, to levy taxes on taxable non-homestead property in the amount of 18.00 mills ($18.00 per $1,000 of taxable value) be renewed for eleven (11) years, 2023 to 2033, inclusive, to provide funds for operating expenses of the School District of the City of Detroit? If approved, this renewal would raise an estimated $65 Million for the School District in 2023.

GROSSE ILE TOWNSHIP SCHOOLS PROPOSAL
OPERATING MILLAGE RENEWAL PROPOSAL

This proposal would renew the existing authority of the Grosse Ile Township Schools, which expires with the School District’s 2020 tax levy, to levy mills for general operating purposes on taxable property in the School District, to the extent that such property is not exempt from such levy, and would restrict the levy on principal residences (owner occupied homes) to no more than 3.5042 mills. Under this proposal, the School District would be allowed to continue to levy the statutory limit of 18 mills on non-Homestead property (principally industrial and commercial real property and residential rental property), and would levy only that portion of the mills on principal residence property necessary to allow the School District to receive the full per pupil foundation allowance permitted by the State. Authorization at the levels proposed would also reduce or eliminate the need to seek periodic voter approval of additional authority in the event of future Headlee rollbacks.

As a renewal of authorization which expires with the 2020 levy, shall the limitation on the amount of taxes which may be imposed on taxable property in the Grosse Ile Township Schools, County of Wayne, Michigan, to the extent such property is not statutorily exempt, be renewed at 21.3276 mills ($21.3276 per $1,000 of taxable value), of which not more than 3.5042 mills may be imposed on principal residences, for ten (10) years, the years 2021 to 2030, inclusive, to provide funds for operating expenses of the School District? It is estimated that $21.3276 mills ($21.3276 per $1,000 of taxable valuation) would raise approximately $2,250,000 in 2021.
Shall the School District of the City of Hamtramck, County of Wayne, Michigan, borrow the principal sum of not to exceed Thirty-Five Million Two Hundred Sixty-Five Thousand Dollars ($35,265,000) and issue its general obligation unlimited tax bonds for the purpose of defraying the cost of: constructing a new elementary school building; constructing, erecting, furnishing and equipping additions to and remodeling, furnishing, refurnishing, equipping and reequipping existing school buildings; developing and improving sites; and acquiring, installing and equipping instructional technology infrastructure and equipment?

The estimated debt millage to be levied to pay the bonds proposed pursuant to this ballot is 7.00 mills. The estimated millage to be levied in 2020 to service the bonds is 7.00 mills ($7.00 per $1,000 of taxable value) and the estimated simple average annual millage rate required to retire the bonds of this issue is 6.81 mills ($6.81 per $1,000 of taxable value). The bonds will be issued in one or more series, payable in not to exceed thirty (30) years from the date of issue.

The School District currently has $0 of qualified bonds outstanding and $0 of qualified loans outstanding under the School Bond Qualification and Loan Program (the “Program”). The School District expects to borrow from the Program to pay debt service on these bonds. The estimated total principal amount of additional borrowing is $5,437,913 and the estimated total interest thereon is $7,791,931. The estimated duration of the millage levy associated with that borrowing is 36 years and the estimated computed millage rate for such levy is 7.00 mills. The estimated computed millage rate may change based on changes in certain circumstances.

(Under State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries or other operating expenses.)

**REDFORF UNION SCHOOL DISTRICT PROPOSAL**

This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance and restores millage lost as a result of the reduction required by the Michigan Constitution of 1963. The remaining 1.0844 mill is only available to be levied to restore millage lost as a result of the reduction required by the “Headlee” amendment to the Michigan Constitution of 1963 and will only be levied to the extent necessary to restore that reduction.

Shall the currently authorized millage rate limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Redford Union Schools, District No. 1, Wayne County, Michigan, be renewed by 18.5844 mills ($18.5844 on each $1,000 of taxable valuation) for a period of 10 years, 2021 to 2030, inclusive, and also be increased by 0.50 mills ($0.50 on each $1,000 of taxable valuation) for a period of 10 years, 2021 to 2030, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2021 is approximately $2,800,000 (this millage is to renew millage that will expire with the 2020 levy and to restore millage lost as a result of the reduction required by the “Headlee” amendment to the Michigan Constitution of 1963 and will be levied only to the extent necessary to restore that reduction?
