Our Charter will help to IMPROVE COUNTY GOVERNMENT!

NEED FOR A CHARTER

Responding to the long-felt need to improve and reform county government, a special Citizens Efficiency Task Force was organized in 1978 composed of business, labor and civic leaders. It found that county services could be improved and costs reduced by a basic reorganization of the county government structure.

THE PEOPLE WANT A CHARTER

On August 5, 1980, the people of Wayne County voted overwhelmingly to establish a Wayne County Charter Commission authorized to draw up a charter which would reorganize and restructure county government.

In the following election, held November 4, 1980, 27 Charter Commissioners were elected by the people, one from each of the 27 County Commissioner Districts.

Why the Charter is important to you!

A charter is the basic law under which a county is authorized by the people to govern itself.

The charter will outline the framework of our county government. It will describe the functions, powers and duties of each department and unit, methods of election and appointment, and many other fundamental rules and procedures. Here are a few of the issues to be determined:

- Powers and duties of an elected executive or appointed administrator.
- Authority and duties of the elected County Commissioners.
- The number and functions of other elected county officials and agencies.
- Duties and responsibilities of county officials and employees.
- Tax assessment and collection procedures.
- Budget appropriation and auditing procedures.
- Wayne County General Hospital
- Relations with other units of government — the state, cities, townships and the courts.

You are invited to help write our new WAYNE COUNTY CHARTER

The people depend on county government for many vital services. Among these are:

- Criminal Justice and Law Enforcement
- Health Protection
- Road and Highway Maintenance
- Metropolitan Airport
- Parks and Recreation Facilities

You can provide valuable advice and information to help the charter commissioners write the document that will best serve the people.
