WAYNE COUNTY
BUSINESS REOPENING BEST PRACTICES

Employee Safety

Health or temperature checks performed by a trained individual.

Provide masks and other necessary personal protective equipment.

Wash or sanitize hands thoroughly and often.

Employees should stay home if they are feeling sick. At-risk employees should be encouraged to stay home.

Daily Operations

Disinfect surfaces that are frequently touched.

Institute measures to separate or create distance (6 ft. minimum) between all occupants.

Use signs, tape marks, or other visual cues, placed 6 feet apart, to indicate where to stand when physical barriers are not possible.

More Information at: WayneCounty.com/EconomicDevelopment
Hygiene & Safety

Require employees and customers to wear face masks/coverings over their nose and mouth.

Hand washing facilities should be accessible to everyone on site and include soap and hand sanitizer.

Frequently sanitize high-touch surfaces such as door handles, buttons, and light switches, shampoo bowls, client chairs and tool carts.

Workers should wear gloves that are changed regularly.

Be sure to disinfect tools and other supplies used between each patron.

Install visual markers, such as signs or markers on floors, to remind of social distancing.

Chair/work areas must be 6 feet apart. Seating in the waiting area must be 6 feet apart.

Employee Compliance

Workers should stay or be sent home if feeling unwell. At-risk employees should be encouraged to stay home. Employees should be encouraged to contact their employer if they come in contact with a known or suspected COVID-19 case. If an employee tests positive, they should disclose it to their employer with confidentiality.

Ensure that employees are fully trained on health and safety measures. Employees should know how to correctly sanitize surfaces.
