Table 46 – Geographic Priority Area

General Allocation Priorities

Describe the basis for allocation investments geographically within the state. Wayne County distributes CDBG funds to participating Urban County jurisdictions through a grant of 12.5% of the total grant or $20,000 per community for eligible local projects (senior citizen services, code enforcement, transportation, etc.) each year. PJ’s can “bank” their yearly $20,000 allocation for a maximum of three years if they want to fund a more impactful project.

Sixty-five percent of funds would be awarded to proposals submitted by PJs on a rolling application basis throughout the year. Successful projects will be decided by their ability to further the goals associated with the priority needs identified in this Consolidated Plan. RFP projects will be administered by the proposing PJ and will be completed within eighteen months.

One Housing Rehabilitation agency will be identified through a separate RFP that will perform housing rehabilitation activities for PJs on a first come, first served basis. The funding level of these activities will be determined yearly based on existing, unaddressed housing rehabilitation applications.
